

Songs of the Ancestors

with HELLA NEUMANN

**Generational Healing
Facilitated by Camille Adair**

Family and Organizational Constellations

2016 WORKSHOPS

Nashville, Tennessee

October 8, 2016

"Systemic Family Constellations respond to the longing that is deeply embedded in our souls to live in the wholeness of our ancestral line. The family soul is a highly sensitive energetic field in which all who belong to a family are connected in love, including those who are forgotten or not honored." Hella Neumann, Songs of the Ancestors Founder

Constellation workshops provide an opportunity to experience Family Constellations through movements of the soul and the hidden Orders of Love operating in human relationship systems. Participants may sign up to receive a constellation as part of the workshop, or participate as a representative in other's constellations which offers deep value and insights into our own soul's compassion and love, beyond our beliefs, conditioning and assumptions.

While these workshops are open to all, they are especially valuable to people in the healing, counseling and teaching professions. The systemic family approach can be integrated into many forms of practice, adding new depth as we gain access to the strengths and wisdom of our ancestors.

Songs of the Ancestors is an international training and support organization based in Santa Fe, New Mexico, led by Hella Neumann who is a certified trainer and facilitator with DGfS, Germany. Hella teaches in Germany and the United States and provides training and supervision to people around the world.

Camille Adair, RN

Camille Adair is a master-trained Songs of the Ancestors Facilitator from Santa Fe, New Mexico. She leads family constellation workshops through group facilitation and education, with a national focus on supporting the formation and sustainability of new constellation communities. Camille also leads organizational constellations bringing awareness and systemic healing to groups, institutions and businesses. As an RN, Camille's years of experience in health care sustainability, hospice education and exploring the human condition through documentary filmmaking, have informed her relationship to constellation work and her understanding of the importance of human belonging.

Lj Ratliff, LCSW

Lj is a psychotherapist, energy worker, and shamanic healing arts practitioner in private practice in Nashville, TN. Long time Nashville resident, she has 27 years experience in the healing arts and is a spiritual member of the Waitaha tribe of New Zealand. She has trained in family constellations with Hella Neumann in Santa Fe, NM and is honored to assist in bringing this deep soul healing to Nashville.
